

**Facility:** Genesis Centre - Fieldhouse

Last Updated: Sept 22  
2025  
Who: JA

**Address:** 7556 Falconridge Boulevard NE

**Contact/Caretaker:**

Photo #1 – Genesis Fieldhouse. 3 Pickleball courts. Green lines all around.

Photo #2 – Pickleball net set-up.

### General Information

**Parking:** Players can park in the parking lot on the south side of facility.

**Entrance:** Enter through the south entrance and head NW as you enter the facility. The stairs to get downstairs are on right by Jugo Juice.

**Gym Location:** Once you go downstairs, hang a right and walk past the help desk. There will be two boarded surfaces as you pass the help-desk, one with turf, and one with gym-style floor. The fieldhouse for pickleball will be the furthest one as you enter.

**Change room/Washroom:** Washrooms are located along the North wall

### Equipment

**Sport Specific Equipment Location and details:** The Pickleball nets are located in wheel bins that are in a locked-up area between the fieldhouses.

The Genesis staff will bring the nets out to the playing surface prior to our bookings. If the nets are not there, please find a member the staff at the help desk. The Genesis staff will need to allow you entry if they have not placed our items in the fieldhouse for us already.

### Gym Set-up

#### Pickleball

**Nets:** Will be put out for our group prior to bookings.

**Court Lines:** Pickleball uses badminton court lines. Place the set-up net in the middle of the badminton Court. Green lines in Image 1.

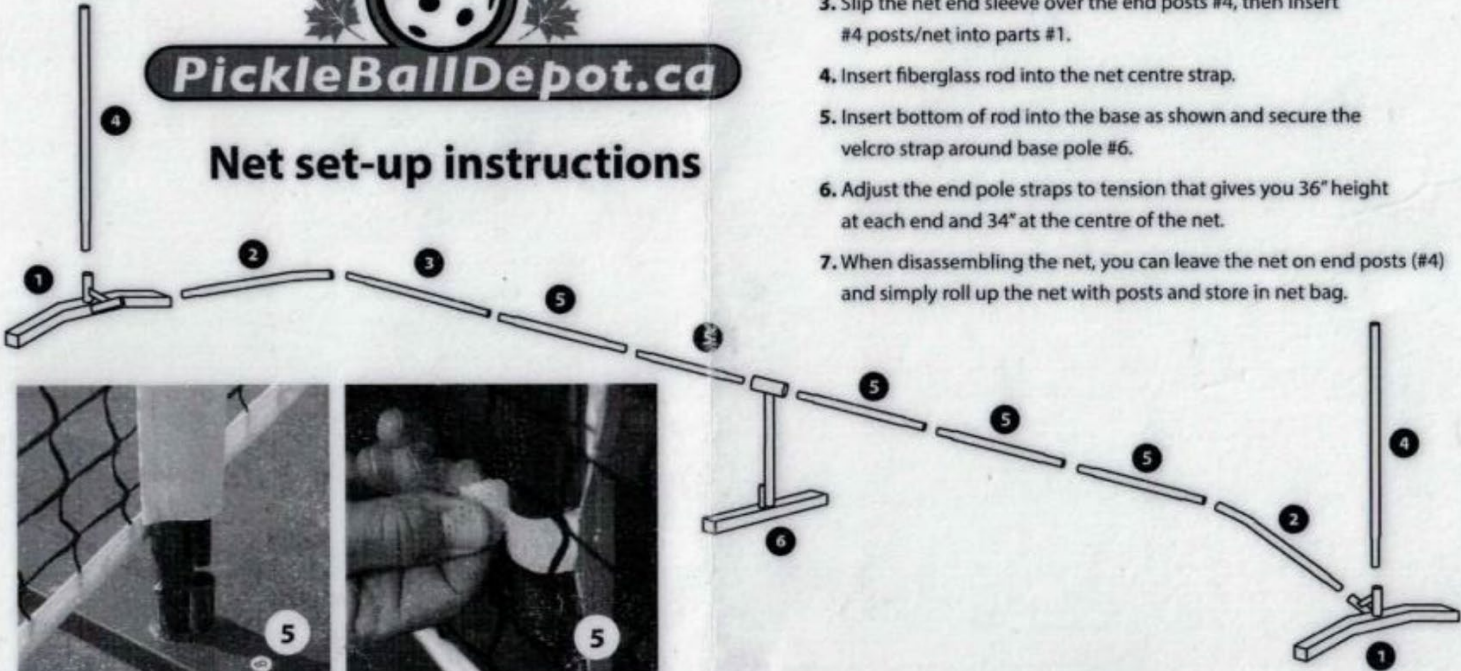

Please ensure that all of the nets are put away appropriately at the end of each booking.

# Important Notes

  
**Net set-up instructions**

1. Assemble frame base first.
2. Adjust center post #6 to the centre of the assembled frame.
3. Slip the net end sleeve over the end posts #4, then insert #4 posts/net into parts #1.
4. Insert fiberglass rod into the net centre strap.
5. Insert bottom of rod into the base as shown and secure the velcro strap around base pole #6.
6. Adjust the end pole straps to tension that gives you 36" height at each end and 34" at the centre of the net.
7. When disassembling the net, you can leave the net on end posts (#4) and simply roll up the net with posts and store in net bag.
