Equipment

Sport Specific Equipment Location and details:

Nets: The school owns the nets. They are heavy-duty and are hanging on the walls in the gym storage room. If the nets are not here, they are hanging on the wall inside the gym.

Posts: There are 4 royal blue high school caliber posts kept in the gym storage room on the east side next to the doors leading to the East Gym. Please return the posts to the holder when finished. If the posts are not here, they are standing in the corner of the gymnasium.

Gym Set-up

Step 1: Choose one post that cranks the net on the bottom and one that cranks the net on the top for each court.

Step 2: The net height is adjustable on each post – set it to the 2nd hole from the top.

Step 3: Each net has a cable loop on all 4 corners. Attach the top of one corner of the net to the s-hook on the top of the post and the other top corner to the s-hook on the strap.

Step 4: Repeat for the bottom of the net, but the rope and crank will be on the opposite side.

Step 5: Tighten the net on the top and bottom using the crank wheel. Do NOT over-tighten.

Important Notes

The storage room is shared and accessible by both of the East and West Gyms. All of the volleyball posts are stored in a holder on the East side of the room by the entrance to the East Gym.

Sometimes the nets and poles are stored in the storage room and sometimes they are kept in the corner of the gymnasium. Please check both locations for equipment.

As this is a private facility, you cannot access the facility until the start of the permit. Please do not try and enter the facility early and if you arrive early and the facility is locked, please be patient as it may not be unlocked until the 6:30pm start time.
