

We hope you're not afraid of commitment because this Summer, you and your sport-cohort are 'shipped up for the season. You will all have to work to put the 'team' in 'teammate;' it is essential that our community comes together to safely 'sport' again.

Self-Screen Before Every Game

I think I'm okay

Respect Everyone's Space

Review Your Rulebook & Stay Informed

Sanitize Shared Equipment

If you have to Sneeze, Sneeze into Your Elbow

Remember that Sneezing is also an Allergy Symptom

Remember...It's Fun First, Winning Second

When you're playing against the same teams more frequently than before, positive sportsmanship is more important than ever

Commit to Playing Every Week

With capped roster sizes and limited ability to bring in subs, your captain needs you

Do This

Not That

At the end of the day, we expect each and every player to hold themselves accountable to the various safety protocols and policies we've implemented for the season. Bringing 'sport' back to the community is a team effort.

Remember that this pandemic has affected everyone's physical and mental health differently; respect each other and be kind.
