

SSC Inclusion, Anti-Discrimination and Anti-Racism Policy

OBJECTIVE

The Sport and Social Club (SSC) recognizes that racism, discrimination, harassment, bullying, and violence is harmful to our community, not only for the group(s) targeted, but for all SSC participants. The SSC is committed to creating and maintaining a safe sport environment which is free of discrimination and harassment, where all individuals are treated with respect and dignity, can contribute fully and have equal opportunities. All SSC participants are expected to uphold these values and actively maintain a sport environment that fosters respect, is anti-discriminatory, and actively anti-racist.

The purpose of this policy is to:

- Foster a positive, safe, and respectful environment for all players
- Ensure the SSC's values are understood, communicated, and championed by all participants
- Define behaviors that are not permitted
- Outline a safe space to report and a clear process to address wrongful conduct
- Outline resolution measures for participants who engage in wrongful conduct

This policy applies to all forms of racism, discrimination, harassment, bullying, and violence within our programs, both written (inclusive of, but not only with respect to, team name submissions and communications with SSC staff) and verbal (inclusive of, but not only with respect to, conduct at SSC league nights, tournaments and events, and communications with SSC staff).

This policy applies to all SSC participants and spectators in leagues, tournaments and events, employees of the SSC (including full-time, part-time, and volunteer-based positions) and all other members of the SSC.

The SSC is committed to ensuring our leagues, tournaments, and events are a safe and welcoming space for all BIPOC and LGBTQ2S+ athletes.

REPORTING

SSC staff and participants may file a formal complaint, regarding any behaviours that constitute a breach of this policy, or contravenes applicable human rights law.

REPORTING PROCEDURE

Informal Resolution

The SSC encourages individuals to first attempt to resolve conduct issues informally, whenever possible. If an informal resolution fails to resolve the issue, or if the circumstances are such that informal resolution is not possible, appropriate, or the individual feels their health and safety is in danger the formal process outlined below should be utilized.

Support will be given to individuals in legal action, if legal action is necessary.
