**Notes:**

- Games are rally point scoring up to 11 points. Games are strictly first to 11, players do not have to win by more than 1 point.
- If time expires in any game, at least 5 points (total) must be scored for the game to count.
- If the game score is tied when time is called, players will play one more point to decide the winner.
- A spirit rating for your opponent for each match must be recorded. Rate either 1, 0, or -1
- If a match is defaulted, check the default box for the player who defaulted.
- Defaults are recorded as 0-11, 0-11 and 0-11 for the team that defaults.
